CITY NEWS.

JOB PRINTING.
The JOB DEPARTMENT in the Democrat
Office is now ready for all kinds of print-
ing. Bills, Circulars, Cards, Posters, etc.,
printed at the shortest possible notice, and
at prices to suit the times.

PAINTING MATERIAL FOR SALE.—We have
for sale, at a fair discount on cost, for cash,
a lot of white wood type, cuts, etc.; also a
number of card fonts, display letters, and con-
siderable other material, which we have no
immediate use for, being duplicates, and
which will be sold together or by the font.
Apply immediately to the foreman of our job
office.

Col. Marc Munday, commandant of the
post, has rooms at the Louisville Hotel, where
strangers going to camp, arriving after dark,
and entitled to passes, may obtain them at
any hour after seven o'clock A. M.

WOOD'S THEATRE.—The Zerkowski Troupe
continue to create a great furor among the
lovers of the torch-bearing art. Their elegant
and graceful dancing and inimitable pan-
tomimic powers nightly attract large and
fashionable audiences. It is certainly the
best ballet and pantomime troupe we have
ever had on the Louisville boards, excepting
only the celebrated Rivel family. Their per-
formance last night elicited the most rap-
turous applause, each dance being vociferously
encored, and the graceful and dashing Chris-
tine, and the wonderful La Petite Alice, were
literally showered with bouquets, while the
droll and agile Antonio Zerkowski excited
the risibility of the audience to an extent that
jeopardized waist buttons and stay laces. To
night the entire troupe appear in the fairy
legendary drama of "The Lake of the Gnomes,"
the little prelate Alice Zerkowski, assisting
the character of the Fairy Phillandine, and
Mr. Nickerson, that of Ned Ryan. Antonio
and the troupe also appear in a comic ballet
pantomime entitled "Bibb's First Love," re-
plete with grand dances and humorous situa-
tions. As this talented troupe appear but
three nights more, the admirers of Tere-
sichore should not miss the present opportu-
nity of witnessing their chaste performances.

AN INTERESTING LECTURE by Rev. Dr.
SMITH.—The method of chemical analysis by
means of the spectrum, and the discovery of
the new metal thallium, by its aid, has excited
a very general interest even among those not
engaged in scientific pursuits. At the request
of several prominent citizens Dr. J. Lawrence
Smith has consented to lecture on this sub-
ject and illustrate his lecture with the super-
apparatus of the Male High School. No sub-
ject of more absorbing interest could be pre-
sented and no one could present it in a more
satisfactory manner. The new metal will be
exhibited in its brilliant green bands across
the spectrum.

The lecture will be delivered at the Male
High School, on Thursday (to-morrow)
night.

HORTICULTURAL.—We are glad to notice
that on next Saturday the weekly exhibition
of fruits, flowers and vegetables will com-
mence in the small hall of the Masonic Tem-
ple. As the season has been so far favorable
to the growth of fruits of all kinds, we look
forward with pleasant anticipations to the
weekly displays of fine pears, peaches, grapes,
etc., which our pomologists understand so
well how to raise, and which our citizens
know how to appreciate. We cordially in-
vite strangers visiting our city, who find an in-
terest in horticulture, to visit the rooms of the
Society on exhibition days.

The following rebel officers are in the
Military Prison: Col. James F. Brewer, on
Gen. Jackson's staff; Major Chas. W. Barkley,
Second Kentucky cavalry; Capt. George C.
Christian, Morgan's command; Frank M.
Cowan, 2d Lieut. First Kentucky Infantry, co.
B. They have not got long to tarry; they've
not got long to stay here; for they have an
eye toward "over the river."

Too Fast.—We noticed several gentlemen
of the shoulder-stap persuasion out horse-
back riding yesterday afternoon, going at
2:40 rate through the streets. There is a fine
for such conduct, and we hope that "ye
scooters" will go to the country, and not en-
danger the lives of children in the streets by
riding as if they were making a brilliant cas-
ualty charge—but they ain't!

Another lot of rebel prisoners, who
were captured near Murfreesboro on Sunday
last, were brought up on the train from Nash-
ville last evening and incarcerated in the military
prison. They were a hard looking party; how-
ever, one of them remarked, "By hokey! I've
got fat on it."

Sixty sick Michigan soldiers were sent
to Detroit yesterday from the hospitals in this
city. We learn that about 300 more are now
ready to be transferred to the hospitals nearest
their homes. They will be sent as soon as
transportation can be had.

On yesterday Mr. Clemons, of this city,
who has been in the military prison for some
weeks, was sent South of the Federal lines.
Mr. Clemons and Miss Willis, his daughter,
were sent to Oldham county, in this State, sev-
eral days since, under order of Col. Mundy.

Removed.—The office of the United States
Sanitary Commission has been removed from
Walnut street to Fourth, between Chestnut
and Broadway, in the residence formerly oc-
cupied by Mrs. S. Watkins.

John C. Smith, Company K, Third
Georgia cavalry, and J. H. Sherry, same, both
deserters, were sent across the "River of
Death" Monday, to remain there until the
war is over.

We understand that extensive prepara-
tions are being made to give General Willard
a grand and appropriate reception upon his
arrival in this city, which will be in a few days.

Another large lot of rebel prisoners
were sent over the river yesterday. They
have gone to Camp Chase, Ohio, to take "that
thing"—death of silence.

Hegals' windows present the greatest
attractions in the city to-day. Stop and look
at them—411 Main street.

The train from Nashville came in on
time last evening, with a tremendous trip of
passengers. A large number of them were la-
dies. All was quiet along the road.

Mr. Wright Hally places us under obli-
gations for Cincinnati papers in advance of
the mails.

Persons who do not wish to carry home
their marketing would do well to see Mr.
Rupley's advertisement.

Large quantities of tobacco arrive per
L. & N. R. daily, from Southern Kentucky.

We are indebted to Messrs. Ehrick and
Palmer for Cincinnati papers.

We are indebted to Upton B. Rough,
Esq., for his attentiveness to this office.

Schofield Takes Command in Missouri.

New York, May 19.

The Tribune prints the following:

WAR DEPT., ADJ. GENERAL'S OFFICE, Washington, May 18, 1863.

General Order No. 221.

1. Major-General J. M. Schofield is, by direction of the President, assigned to command the Department of Missouri.

2. Major-General R. Curtis, on being relieved from his command, will report by letter to the Adjutant-General of the Army, by order of the President.

(Signed) E. D. TOWNSEND, A. G.

Col. Thorpe, from Gen. Banks' department, states that Gen. Ullman's brigade is more than filled, and the new country just opened by Banks' campaign will furnish two or three divisions of negroes in response to his call for a Corps d'Afrique. No doubt the rebels are engaged in raising negro regiments, as it is only from such sources that they can now, in the Southern States, recruit their ranks. Negroes are not backward in adopting a uniform which is their death warrant, if taken by the rebels.

New York, May 19.

The Times' Washington special contains the following:

The Richmond Enquirer, of the 16th, says that trains to the White House, on the York River Railroad, have been making their regular trips.

The Enquirer, in speaking of the retaliatory resolutions of the rebel Congress, relative to officers of negro regiments, says the Yankees will, in turn, take the same course, and seems to be in grief over the matter.

Gen. Stahl is impressing all horses, whether of rebels or Unionists, he can find, into being necessary to prevent their being seized by rebel guerrillas. Two negro regiments were mustered into service to-day. Contrabands commenced working on the abandoned farms on the opposite side of the Potomac. Col. Beckwith invites proposals for 30,000 barrels of flour.

New York, May 19.

A Carville letter of the 16th states that a severe infantry fight took place near Suffolk on the morning of the 15th. A heavy rebel force of infantry, reported as having driven in our pickets at Beaver Dam Church. Troops were sent out to oppose the rebels. After a short skirmish, the rebels retired before two companies of the 10th, Massachusetts, and Tenth New Jersey, but again occupied. Soon after the third assault by our troops was made, they retreated, and our forces now occupy a strong position in and around Carville.

Our forces are busy removing rails from the railroad and the whole track is being taken up.

New York, May 19.

The Herald's Washington dispatch says that the rebels have delivered to Colonel Lindley about seven hundred and thirty prisoners, who have arrived at Camp Parry, Annapolis.

The rebels are not inclined to release commissioned officers, except as we have rebel officers to exchange for them.

Secretary Stanton has not made any authoritative declaration regarding the three hundred dollar provision of the conscript act.

New York, May 19.

The rebel force in Wayne and Clinton counties is increasing. They are said to have captured thousands of men, horses, mules, and artillery. Four regiments of infantry have passed through Jamestown. Twenty-four regiments are reported as having been sent to Fort Monroe. Buckner is said to be at Clinton. The rebel pickets are on the Cumberland at every available point.

Weather dry and pleasant. The Cumberland is falling and will soon be fordable unless we have rain.

The letter alluded to on Wednesday, from Morgan to Gen. Carter, was not important. Twenty-three bodies of the New Jersey drowned have been recovered.

PHILADELPHIA, May 19.

The Bulletin has a special dispatch dated Cincinnati, May 19, which states that the rebel defeat at Raymond, Miss., has been very disastrous. Grant took Jackson on the 14th, and burnt the State capital. Heavy reinforcements are hurrying to the aid of the rebels.
